Thessaloniki Hotel Room Upgrades:

Our journey will begin in the city of Thessaloniki (Thessalonica) staying in the five-star Mediterranean Palace Hotel. The hotel is located across the street from the *Ladadika* district, which once housed the olive oil warehouses for the city but is now a delightful maze of restaurants and cafes. In the other direction is the harbor of the city, with a lovely view of the turn-of-the-century harbor house and Aegean Sea. The room included in the tour has views overlooking the *Ladadika* neighborhood, while upgrades are available for views of the sea.
